

3rd Union International Summit on Lymphoma and Myeloma

Program

Dates: September 21 to 24 (Thursday to Sunday)

Address: Crowne Plaza Hotel, Tianjin Meijiang Convention Center

September 21: Registration

September 22: Multiple Myeloma

08:00-08:30 Opening Ceremony

08:30-09:30 Keynote Speak: Ken C. Anderson (DFCI, Harvard Medical School)
Title: Multiple Myeloma: State of Art and Prospect

09:30-09:45 Tea Break

09:45-10:30 Nikhil C. Munshi (DFCI, Harvard Medical School)
Topic: Genomic, Clonal Evolution and MRD in MM

10:30-11:15 Yu-Tzu Tai (DFCI, Harvard Medical School)
Topic: Immuno-microenvironment and Immunotherapy in myeloma

11:30-12:00 Qing Yi (Cleveland Clinic)
Topic: Targeting Microenvironment for Myeloma Therapy

12:00-13:30 Satellites

14:00-14:45 Shaji Kumar (Mayo Clinic)
Topic: Risk Adopted Treatment Strategy in Myeloma

14:45-15:30 Antony Palumbo (Takeda International)
Topic: Monoclonal Antibody based immunotherapy for myeloma

15:30-16:15 James Chim (HongKong University)
Topic: Advances of PIs in the treatment of Myeloma

16:15-16:30 Tea Break

16:30-17:15 Fenghuang Zhan (University of IOWA)
Topic: Advances on Biology Study in Myeloma

17:15-18:00 Gang An (Institute of Hematology, CAMS & PUMC)

Topic: Translational Study on Myeloma in IHCAMS

9 月 23 日: Lymphoma

08:00-08:40 Julie M. Vose (University of Nebraska Medical Center)

PTCL: Current Situation, Challenging and Prospect

08:40-09:20 Robert Hasserjian (Massachusetts General Hospital)

The Interpretation of WHO (2016) Classification of Lymphoma

09:20-10:00 John Chan (City of Hope Medical Center)

Advances in Pathogenesis and Diagnosis of T-cell lymphoma

10:00-10:15 Tea Break

10:15-10:55 Ken He Young (MDACC)

B Cell Lymphoma : Pathogenesis and Targeting therapy

10:55-11:35 Sa Wang (MDACC)

The Application of Flow Cytometry in Lymphoma

11:35-12:15 Norbert Schmitz (University of Hamburg, Germany)

Secondary CNS Lymphoma:

13:30-14:10 Gianluca Gaidano (Amedeo Avogadro University, Italy)

Insight of Pathogenesis and Current Treatment in CLL

14:10-14:50 Steven P. Treon (DFCI, Harvard Medical School)

State of Art in LPL/WM

14:50-15:30 Davide Rossi (Oncology Institute of Southern Switzerland)

MZL: from Biology, Pathogenesis to Current Therapy

15:50-15:45 Tea Break

15:45-16:25 Jianxiang Wang (Institute of Hematology, CAMS &PUMC)

Car-T Therapy on Lymphoid Malignancies

16:25-17:05 Huiqiang Huang (Sun Yie-Son University Cancer Center)

Treatment in NK/T Cell Lymphoma: Current and Prospect

17:05-17:45 Jianfeng Zhou (Tongji Hospital, Wuhan)
EBV related LPD: Diagnosis and Treatment

17:45-18:00 Close Ceremony
